18th September 2025

Dear Sir,

**Examination into the Surrey Heath Local Plan 2019-2038:
Factual update to the Hart District Council's Regulation 19
Representation**

I write to you with a simple factual update to Hart's regulation 19 representation.

The table at Annex 1 of the representation includes completions in Hart since 2019.

I can tell you that 170 new homes (net) were completed in Hart in 2024/25.

If you would like me to provide updates to the table at Annex 1 of the Council's representation, or if you require anything else I would gladly be of assistance.

I am content for this information to be released into the public domain and circulated to any interested parties.

Yours faithfully

Daniel Hawes, Planning Policy and Economic Development Manager
