

EXAM 39A – RPS for Taylor Wimpey Comments on EXAM 39

RPS obo Taylor Wimpey notes the Council has now produced an updated HTP which incorporates the updates and changes identified relating to the five-year housing supply.

This is a very minor point, but it appears to be an omission / typographical error in that the update to the SH2 site capacity from 400 to **435** on the HTP, despite the recognition of this in EXAM 38H published on 19th September.

Site Allocation	Site Name	Status	Capacity	2025-26 Year 1	2026- 27 Year 2	2027-28 Year 3	2028-29 Year 4	2029-30 Year 5
SH2	Land to the East of Wimblebury Road, Heath Hayes	Landowner/ Developer promoting site for development	400			25	50	50

The trajectory is correct.
